MEMORANDUM FOR : Acting Chief, DFD
THROUGH : Chief, Administrative Branch, DFD
SUBJECT : CI Support DFD Operations

1. Within the Agency there is close coordination between the Office of Security and CI Staff in monitoring counterintelligence sources to detect penetration and espionage efforts pointed at Agency operations. This includes liaison by these components with the Federal Bureau of Investigation.

2. Our activity in this respect has been carried by the Office of Security through its contact with the FBI. I have also kept [redacted] of CI Staff aware of locations of CHALICE activities. With our increased scope of interest, I briefed the FBI Liaison on our CORONA effort and the purpose of the GUSTO effort. I also feel it is very important that [redacted] be so briefed although this isn't mandatory. With your permission I will review this area with [redacted] and perhaps [redacted], Chief, CI Staff.

3. Recommendation: Approval to brief CI Staff on DFD interests in CORONA and the GUSTO feasibility effort.
